Gender: female | Date of birth: 12/6/1993 | Nationality: Syrian

Summary

I am a faculty member at Al-Baath University and a Certified Odoo V16 Techno-Functional.

POSITION

- a. Faculty member at Al-Baath University, Faculty of Informatics Engineering, Department of Software Engineering and Information Systems, September 2023 – present
- b. Teaching Assistant at Al-Baath University, IT Engineering Faculty, Department of Software Engineering and Information Systems, October 2015 – 2023.

Education

- PHD Degree in Information Systems from Al-Baath University.2023, Grade: 93%
- Master Degree in Informatics Engineering from Al-Baath University.2019, Grade: 86.05%
- Bachelor's Degree from Al-Baath University, Information Technology Engineering (Software Engineering and Information Systems Department), 2010-2015, Grade: 88.2 %

WORK EXPERIENCE

- Faculty subjects:
 - Advanced Java Programming-1
 - Advanced Java Programming-2
 - Distributed Systems
 - C++ Programming 1
 - C++ Programming 2
 - Algorithms and Data Structure
 - Information Systems
 - Electronic Commerce
 - Bio Informatics
 - Information Systems Engineering
 - Knowledge Databases

- **Graduation projects :**
 - 2014-2015: Android Application to Discover Tourist Services in Homs City
 - 2013-2014: Steganography in video
- **PHD thesis:** “Enterprises Work and their Performance Using Enterprise Resource Planning Systems (ERP): Al-Baath University as an Example” .
- **Master thesis** in Informatics Engineering: “Impact of Social Media on Financial Markets”. Datamining techniques and deep learning using Python.
- **Desktop applications:** for (1-children’s, 2-Dental) clinic in c# programming language and using mysql.
- **Odoo Functional implementer.**
- **Technical Odoo Developer:** for Al Baath university journal management.

PUBLISHED RESEARCH

- Jahjah, Feda & Rajab, Muhanad. (2023).**Evaluation of the Success of Implementing an Enterprise Resource Planning System in the Context of Higher Education at Al-Baath University.** Al-Baath University Journal -Series of Engineering Science. Volume 45, Issue 21.
- Jahjah, Feda & Rajab, Muhanad. (2023).**Critical Success Factors for Implementing Enterprise Resource Planning Systems in Higher Education in Syria.** Al-Baath University Journal -Series of Engineering Science. Volume 45, Issue 9.
