

Mahmoud Al_Jalikh

SOFTWARE ENGINEER

SUMMARY :

I have over 2 years of experience as a UI&UX Designer and Graphic Designer, specifically using a Figma Program. I have successfully implemented projects . Finally, I am have applied successfully in Figma projects.

Additionally, I have actively participated in problem-solving contests, including the programming contest at Al-Baath University, where I achieved fifth place. This accomplishment qualified me to represent my university in the Syrian Programming Contest. These experiences have further developed my problem-solving skills and demonstrated my ability to excel in competitive programming environments.

Overall, I possess a strong background in Ui&Ux and GraphicDesign, making me a capable developer and designer with a diverse skill set.
